

**Block 8:
Old Scraps
Patchwork**

NOTE: Because this is a quilt made with a number of lovely-colored fabrics, we are giving you the basic color for each block, but please use your creativity with the fabrics in the kit to create your own, unique style with your blocks. Additionally, our cutting chart for the Baby Quilt will be for the "Udder Cowboy" fabrics and our cutting chart for the Twin Quilt will be the "Butterfly Fling" fabrics. Use your imagination!

This is a simple 25 patch block. First, you create the blocks, then sew them together in rows, and then sew the rows together. For each 2 1/2" square that you sew to create a half-square triangle block, you need to draw a diagonal line, corner-to-corner, on the back side of the lightest fabrics. Then, put the two squares together that you'll need and sew 1/4" ON EACH SIDE of the diagonal line you drew. When complete, cut the squares apart ON the diagonal line you drew, then press toward the darker fabric. Once you have your 2 1/4" squares cut or pieced, lay the block out in the rows and sew together!
