2

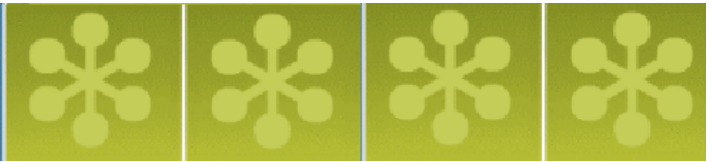

This designer chose to applique the stars to the Christmas tree tops **after** sewing the table runner block together. If you prefer to applique the stars with a smaller work surface, just sew the tree tops together with the center fabric and add your stars, then complete the Christmas tree block.

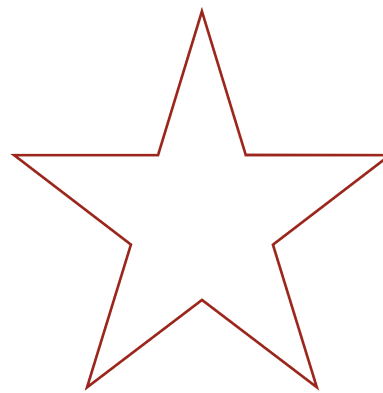

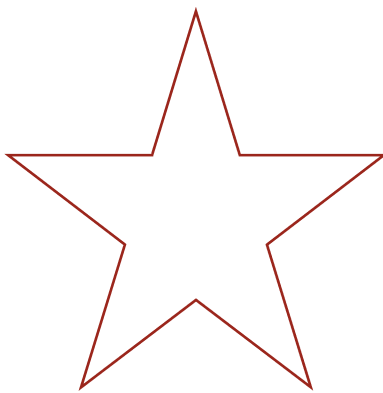

Completed "Christmas Tree Joy"  
Table Runner

**Congratulations! Now it's time for you to create your quilt sandwich, quilt your table runner and add the binding!**

## Star Templates

The star templates are appliquéd to the top of each Christmas Tree on your table runner. If you prefer to use fusible web to attach them to your trees, use a blanket stitch on your sewing machine with red thread to further adhere them to your table runner. If you prefer to use raw edge appliqué, use red thread to secure the stars. If you prefer to use the needle turned method, please add your seam allowance to the templates above.

**The key is to use *some* type of red thread to make your stars SHINE on top of your trees!**
