Piecing Instructions - all seams 1/4"

This is a simple nine-patch quilt, made with sashing between the blocks. The key in making this quilt as cute as it can be is the placement of the fabric blocks!

For the first block, use THREE (3) Fabric E, 3 Fabric F squares and 3 Fabric G squares, piece as shown, pressing towards the **pink lines**:

**Make FOUR (4)
of these blocks**

Now, it's time to sew all of your hard work together! There is no secret to completing the quilt except to start sewing your sashing onto the center blocks and work out from there. It will work best if you make sure you press your seams toward the sashing strips.

Binding Your Quilt

1) Sew each of the 2 1/2" x width of fabric G strips together as shown:

Layer strips and stitch diagonally.

Trim excess fabric 1/4" above seam.

2) With wrong sides together, fold binding in half lengthwise and press. Pin binding to the front edge of the quilt and sew in place using a 1/4" seam (see 1 below). When you reach a corner, stop stitching 1/4" from the edge and fold the binding up and away from the quilt (2). Fold the binding back down and begin stitching again, 1/4" from the folded edge (3).

3) Continue stitching the binding to the quilt until you reach the starting point. Overlap the starting edge of the binding by approximately 1" and cut away the excess binding strip. Tuck the end into the fold and finish sewing the binding in place.

3

4) Sandwich your quilt front, batting and backing together, right sides of fabric facing out. Fold the binding over the raw edges of the quilt so that the folded edge covers the row of stitching on the back. Using a needle and thread, whip-stitch the binding in place.
