Stripped Gift Stockings

1/4" seam allowance

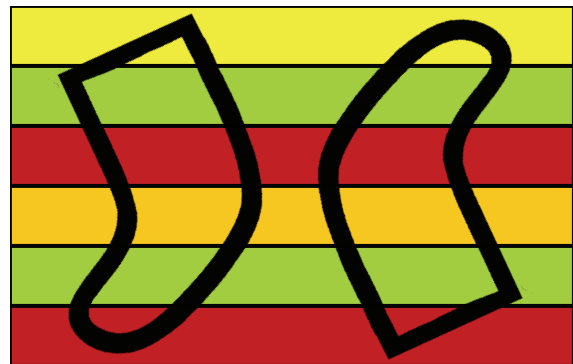

Fabric	Cut
Color 1	Cut ONE (1) 2 1/2" x 15" strip
Color 2	Cut ONE (1) 2 1/2" x 15" strip
Color 3	Cut ONE (1) 2 1/2" x 15" strip
Color 4	Cut ONE (1) 2 1/2" x 15" strip
Color 5	Cut ONE (1) 2 1/2" x 15" strip
Color 6	Cut ONE (1) 2 1/2" x 15" strip
Additional Stash Fabric	Cut THREE (3) pieces of fabric for the inside and backing of EACH stocking you'll make.

- 1 Sew strips together. Remember to begin the next row from the opposite end as the row you just sewed to eliminate any "curl" of the fabric.

- 2 Using your template, place it on the strips in whatever design fashion you'd like. Trace the stocking and cut out with a 1/2" seam allowance.

- 3 Now, sew the inside front to the striped stocking at the top, right sides together. You may want to add a piece of batting, too, to give it a quilted feel. Repeat this with the backing and inside back, too.

- 4 And it's time to put your stocking together! Pin the front stocking (2 or 3 layers, depending on whether you used batting or not) to your backing pieces (2 layers) around the edges. At BOMquilts.com, we used a decorative snowflake stitch ON the template line we drew. Then, we cut the seam allowance away, 1/4" from the stitch line - for a raw-edge look. Finish off your stocking with a ribbon to hang it!
