Basic Block Design: There are two different blocks used in this quilt. One is a heart block on opposite ends of the quilt. The other block is an asymmetrical Log Cabin Block. Here is a diagram of the blocks - which should help you while cutting your fabrics:

All 12 of the blocks in the center heart are cut and sewn the same (see below) - the difference is the placement of the blocks! All blocks are finished at $8 \frac{1}{2}$ " square before sewn together. Always use $\frac{1}{4}$ " seam allowance!

Before you are finished with your blocks, there is one more strip of fabric that you need to sew to the four (4) blocks with the focus fabric being the large strips. Cut four $2\frac{1}{8}$ " x $8\frac{1}{2}$ " strips from your secondary color (for the fabrics from the purchased kits, use the prints that are the same as the last row of secondary fabrics in your blocks - for both gender quilts). Sew the strip to the top of your four (4) blocks, a shown:
